EDUCATION

BACHELORS

Bachelor of Computer Science (B.C.Sc.)

University of Computer Studies, Mandalay (UCSM)

Specialization: High Performance Computing

2024 – Present | 3rd Year

LANGUAGES

- English
- Myanmar

ABOUT ME

I am a third-year Computer Science student specializing in High Performance Computing. I am interested in software development, backend engineering, and DevOps. I enjoy learning new technologies, solving problems, and building useful applications. I am a hardworking and motivated person who is eager to learn and gain real-world experience.

EXPERIENCE

2026 – PRESENT

AI INTERVIEW PREPARATION WEB APPLICATION

Developed an AI-powered interview preparation platform as a university project, focusing on interview simulation, answer evaluation, user authentication, database management, and backend processing. Worked with modern web technologies to build and integrate the system.

2025 – 2026

UNIVERSITY VOTING SYSTEM

Developed a web-based voting system as a university project to provide a secure and efficient platform for managing student elections. Worked on user authentication, candidate management, voting processes, database integration, and result management while collaborating with team members throughout the development process.

2026

ECOLINK — UCSM AI HACKATHON 2026

Participated in the 2026 UCSM AI Hackathon and developed EcoLink as a team project. Contributed to the design and development of the system and gained experience in AI-based problem solving, teamwork, and rapid project development. The project was awarded Second Prize in the competition.

SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python, Java
- **Frontend Development:** React.js, Next.js, HTML, CSS, Tailwind CSS
- **Backend Development:** Node.js, Express.js, NestJS, REST API
- **Databases:** PostgreSQL, MySQL, MongoDB, Prisma ORM
- **DevOps & Tools:** Docker, Git, GitHub, Linux, Redis
- **AI & Backend Systems:** AI API Integration, Prompt Engineering, BullMQ, Background Job
- **Currently Learning:** CI/CD, GitOps, Kubernetes
- **Soft Skills:** Problem Solving, Teamwork, Communication, Continuous Learning
